I have included a spreadsheet of bills we're tracking and their priority levels. There is one additional bill that isn't on the IRENE tracking priorities spreadsheet (SB180) that is still active (though not a high priority).

Thursday is the committee deadline for opposite house, so it is likely the list will shrink a bit at that point. I'll update and resend if you want me to on Friday.

I have also included the latest policy committee report in case you find that helpful. It is pretty self-explanatory I think, but I create it every week so I might be biased. If you have any questions about it, feel free to give me a shout.

Hi Joy,  
Will you please send me the one pagers/informational sheets that have been prepared for the Legislature regarding the budget request, lab request, cig tax and anything else you feel might be pertinent? Thanks so much!
